

The Problem

Sick leave

5 days of sick leave per employee per year in every company in average, just caused by **back pain**.

Lack of motivation

Working in a **bent position** is stressful & painful for employees.

Time spent

Most of all companies need **two minutes** for the strapping process, ErgoPack does it in 40 seconds.

The Solution

ergonomic

No bending, low risk of injury, **prevent back problems!** Enthuse your employees, they will be thankful.

easy

Simple operation, quick training of your employees and suddenly strapping is fun.

efficient

67% faster pallet strapping ensures more **efficient workflows**.

The ErgoPack

unique worldwide ”

Roll the **ErgoPack** in front of the pallet. The ChainLance pulls the **strap** through under the pallet.

Up again on the rear side and over the pallet into the hand of the operator. The **ChainLance** retracts.

The **strap lifter** brings the 2nd strap end. The **sealing head** welds the strap securely.
